CEVER&AGIT hill Fever, Dumb Ague, Internitent & Remittent Fevers 8 all the various forms of Bilious Diseases SPEEDILY & THOROUGHLY POTOCURED sgood's India Cholago

tice of several years in a bilious climate, and is never known to fail of curing Fever and Ague, or any of the diseases above named Those who are suffering from diseases of this kind, as also those ho have become invalids from their effects upon the constitu will find the India Cholagogue a most invaluable remedy for puri-fying the blood, and thoroughly cleansing from the system the morbid effects of a billous climate.

The wonderful operation of the Cholagogue in eradicating bila

from the human system, can only explain its extraordinary agency in the speedy, thorough and permanent cure of fever and ague, and the various grades of intermittent and remittent fevers.

From Hon. Ross WILKINS, United States District Judge for the District Mr. Edward Bingham. of Michi an. Detroit, Oct. 20, 1841.

Dear Sir-With great pleasure I state the fact of the complet and radical cure of the Fever and Ague with which my son William was attacked, by the use, pursuant to directions, of Dr. Osgood's India Chelagogue. He had as severe an arrack as I ever witnessed, and I apprehended a long winter of this disease, which was some years ago the case when I resided at Tecumseh. But I was providentially led to notice your advertisement in relation to this medicine determined to try it, and the use of one bottle broke the disease, and I am confident has effected a radical cure, as two months have now elapsed without a return of it, and my son is in the enjoyment of robust health. It is an invaluable medicine and should be generally known.

From Hon. STEPHEN V. R. TROWBELDGE, of Michigan State Senate. BIRMINONAM, Dec. 13, 1841.

Mr. Bingham-You wish me to inform you what I know of Dr. Osgood's India Cholagogue, or anti bilious medicine. I do believe that if the victue and efficacy of this medicine were generally known, the Fever and Ague would disappear to Michigan. I procured a bottle in the spring of 1841, and have good reason to

believe that myself and family escaped the ague last spring in con-Perhaps no summer since the settlement of this fine peninsula has the fever and ague been so prevalent as the la t. I have recom-

mended this medicine in numerous instances, and when the disease had become fixed and buffled the skill of physicians; and I have never known it fail! It has universally produced the most happy effects, and I believe it has never been exceeded by any medicine it removing the bilious diseases of the climate. Yours respectfully, STEPHEN V. R. TROWBRIDGE.

From Hon. E. FARSSWORTH, Chancellor of the State of Michigan,

Mr. Edward Bingham, Druggist, Detroit. Sir-I have made wat of Dr. Ougood's India Cholagogue and have had opportunities of witnessing its salmary effects when used by others. I believe it a most valuable medicine for the cure of Jevel and ague; and also that its proper use will prove a most certain preventive against its recurrence, to which persons who have been afflicted with it are liable. Very respectfully,
E. FARNSWORTH.

From Lucius Annort, M. D., late Surgeon United States Army. DETROIT, Oct. 1, 1841. To Edward Bingham, Esq., Agent for the sale of the India Che. lagogue-I do hereby certify that I have used the India Cholagogue prepared by Charles Osgood, M. D., for intermittent fevers, and i has exceeded my most sanguine expectations in the cure of said

I do further testify that the medicine has in this vicinity, and others where it has been used, acquired a very high reputation; and that in every case where it has been used to my knowledge, it has universally produced a speedy cure, and restored to the most per feet health, when all other remedies have failed.

Respectfully yours, LUCIUS ARBOTT. 1

Wistar's Balsam of Wild Cherry! Will Miracles never cease! More evidence surpassing health Restorative Virtues!!! From Dr. Baker, Springfield, Wathington co. Kg. Springfield, Ky. May 14, 1845. Messrs, Sanford & Park.

Gents-1 take this opportunity of informing you of a most remarkable cure performed upon me by the use of 'Dr. Wistar's Ralsam of Wild Cherry. In the year 1840 I was taken with an inflammation of the bowel which I labored under for six weeks when I gradually recover In the fall of 1831 I was attacked with a severe bold, which seated

itself upon my lungs; and for the space of three years bwas con-fined to my bed. I tried all kinds of medicines, and every variety of medical aid without benefit; and thus I wearied along until the My friends persuaded me to give it a trial, though I had given up all hopes of recovery and had prepared myself for the change another world. Through their solicitations I was induced to make use of the Genuine Wistar's Balsain of Weld Cherry. The effect was truly astonishing. After five years of affliction, pain and suffering; and after having spent four or five hundred dollars as no purpose, and the best and most respectable physicians had proved unavailing, I was soon restored to entire health by the blessing of God and the use of Dr. Wister's Balsam of Wild Cherry. The I am now cojoying good health, and such is my aftered appear ance that I am no longer known when I meet my former acquaint

I can now cat as much as any person, and my food eccurs to agree with me. I have caten more during the last six months than I had eaten five years before. Considering my case almost a mirsele, I deem it necessary for

the good of the afflicted, and a duty Lowe to the proprietors and my fellow men (who should know where relief may be had) to make this statement public. May the blessings of God rest upon the proprietors of so val ble a medicine as Wistar's Balsam of Wild Cherry,

Yours respectfully, WM. H. BAKER. who stands high in his profession, and ranks among the first poli ticians of the State, shall speak for itself in commendation of the 'Genuine Wistar's Balsam of Wild Cherry.' Franklin, Ind., April 14, 1841.

Messrs, Sanford & Park-I have but a few bottles of Wistar's bal by you. I heretofore waited until I had sold out and had obtained the money for one lot before I ordered another. But such is the demand for the article that I do not with to be without it, and am therefore led to anticipate a little. The money for the last lot shall be forthcoming by the time the lot is disposed of, which, from the sales I have made lately. I think will be but a short time. The effeets of the balsam are in many cases strikingly beneficial. OFR mproves upon acquaintance more than any other Patent Medicine I have ever known. Lo Almost albuthers fail upon trial, and not be This, however, seems to be most highly valued by those who have tested its virtues, and experienced its healing efficacy in their own cases.
